Description

Local seller has owned for over 2 years, has been daily driver. Runs and drives fine. Typical rust for age. The passenger door handle is in-tack, however there is a rust hole near the handle. If someone were to pull hard on the handle it could wreck the locking mechanism therefore the seller "taped-off" the handle. Door will open from the inside and (2) buttons also open door automatically. Approx. 1000 miles on last oil change and new filter.
